## Summary Consolidated Financial Statements

For the year ended 31 October, 2019 (expressed in thousands of United States dollars)

FirstCaribbean  
International Bank

### CHIEF EXECUTIVE OFFICER'S REVIEW

For the fiscal year ended October 31, 2019, the Bank reported net income of \$170.5 million, up \$69.7 million or 69%, a significant increase from last year's net income of \$100.8 million.

Our earnings were driven by the solid growth in our performing loan book. Credit loss expense was improved as the Bank benefited from model enhancements and changes to assumptions due to lower probability of defaults. This was offset by increased taxation and higher operating expenses.

The Board of Directors approved a final quarterly dividend of \$0.0125 per share, bringing the total dividend to \$0.05 per share for the year. The dividends will be paid on January 24, 2020 to shareholders of record as at December 27, 2019.

The Bank's Tier 1 and Total Capital ratios remain strong at 14.5% and 16.2%, well in excess of applicable regulatory requirements.

On November 8, 2019, CIBC announced its intention to sell part of its shareholding in FirstCaribbean International Bank Ltd. to GNB Financial Group Limited ("GNB"), a company which is ultimately owned by Jaime Gilinski. This transaction remains subject to regulatory approval. On closing of the transaction, GNB will become FirstCaribbean's majority shareholder owning 66.73% of our shares while CIBC will retain a 24.9% interest.

This is an exciting development for FirstCaribbean. It creates a platform for the future growth of our Bank and allows us to retain and celebrate our heritage while building our future.

I wish to place on record my sincerest gratitude to our clients, employees, shareholders and directors for their continued support and loyalty.
